6. Tier Credits are used to define the tier level to which a member may be entitled. Tier Credits have no cash value and are not redeemable for FastPlay or other point redemptions. Tier Credit balance is accumulated on a calendar year basis and is reset at the beginning of each calendar year.
7. Boyd Rewards cards are used to track play and accumulate Boyd Rewards Points and Tier Credits. A member is responsible for choosing a Personal Identification Number (PIN) for his/her account. A member must keep the PIN confidential and is responsible for any activity in his/her account when accessed using the PIN. The card is property of Boyd and must be surrendered upon request. As with the PIN, the member's username and password must be kept confidential. Each member is responsible for any activity and potential damages due to unauthorized access to the account through boydrewards.com.
9. A member may receive Boyd Points based on tier level, where and when applicable on select gaming activity. The formulas for award of Boyd Points is determined by Boyd, and such formulas may be changed by Boyd from time-to-time in its sole discretion. Questions regarding tier status and redemption can be directed to the Boyd Rewards Club.
10. It is the responsibility of the member to present his/her Boyd Rewards Card for tracking before playing table games, bingo, race and sports betting or other games and to properly insert the card into the slot reader and verify its acceptance throughout the duration of slot machine play. Benefits for all play, except slot machine play, are based on observation by casino personnel and in some instances, might be subject to error. Boyd will make the determination if a discrepancy is claimed, and its decision is final and binding.
11. All benefits including Tier Credits are based on a member's rated level of play. Rated play varies by machine/game type, denomination, average bet, and length of play, which are all determined in the sole discretion of Boyd Corporation. Certain select tier benefits may require that additional qualifications be met, based on the benefit offered.
12. FastPlay (where available) must have a minimum value of \$1 for redemption.
