Construction Set to Begin on Cadence Crossing Casino

HENDERSON – Boyd Gaming Corporation today announced that construction will soon begin on Cadence Crossing Casino, the Company’s newest property in the Las Vegas Valley.

Earlier today, site grading work began at Cadence Crossing’s site, located on Boulder Highway adjacent to the master-planned community of Cadence. Boyd Gaming will host a formal groundbreaking ceremony on Thursday, April 3rd, to celebrate the commencement of construction on Cadence Crossing.

Scheduled to open in mid-2026, Cadence Crossing will replace Jokers Wild Casino with a state-of-the-art casino entertainment experience, featuring 450 slots and several food and beverage offerings. Future phases are contemplated as the Cadence community continues to grow, with long-term plans for a hotel, expanded gaming offerings and additional amenities.

“As our Company marks our 50th year serving the Las Vegas Valley, we are excited to begin our latest investment in the southern Nevada community,” said Keith Smith, President and Chief Executive Officer of Boyd Gaming. “Cadence is one of the fastest-growing master-planned communities in the nation, and we look forward to providing our neighbors with a modern and compelling gaming entertainment experience when Cadence Crossing Casino opens its doors in mid-2026.”
